Dear s. 22(1)(a)(ii)

Reconsideration request – Browse to North West Shelf Project, Indian Ocean, WA (EPBC 2018/8319)

I am writing to you in relation to the above project (**the proposed action**).

As you are aware, on 22 February 2019, the proposed action was determined to be a controlled action under section 75(1) of the *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act), and the controlling provisions were determined to be National Heritage places (sections 15B & 15C) , listed threatened species and ecological communities (sections 18 & 18A), listed migratory species (sections 20 & 20A) and Commonwealth marine areas (sections 23 & 24A).

On 18 February 2026, the Minister for Environment and Water received a request under section 78A of the EPBC Act to reconsider the controlled action decision. The request was submitted on the basis of the matter referred to in section 78(1)(a) of the EPBC Act, that the Minister should be satisfied that the revocation of the controlled action decision and substitution of a new decision is warranted because there is substantial new information about the impacts that the proposed action has or will have, or is likely to have, on a matter protected by Part 3 of the EPBC Act. The request and its attachments are enclosed.

On 19 June 2026, the department deemed the reconsideration request valid and will now proceed to the next steps.

I invite you, as the designated proponent, to provide comments on this request within 20 business days from the date of this letter. If you require longer to provide comments, please contact the department using the details below. Please provide comment using the following contact details:

By email:

Director, North WA Assessments Section
s. 22(1)(a)(ii) @dcceew.gov.au (cc northwa.section@dcceew.gov.au)

Released by the National EPA under the FOI Act 1982

As required by section 78B of the EPBC Act, the department has also written to the relevant Commonwealth and State Ministers inviting comment, and will publish the request on the department's EPBC Act Public Portal. The relevant Ministers and public will be given 20 business days to make comments on the request.

Following the consultation period, the Minister, or a delegate of the Minister, will consider all relevant information and reconsider the original decision under section 78C(1). This will result in a decision either to confirm the original decision, or to revoke the original decision and substitute a new decision for it.

If you have any questions about the reconsideration request or the assessment please contact s. 22(1)(a)(ii) by email to s. 22(1)(a)(ii) @dcceew.gov.au (cc'ing NorthWA.Section@dcceew.gov.au). Please quote the EPBC reference number shown at the beginning of this letter.

Thanks for your patience on this matter. At this stage, noting the reconsideration process is still in deliberation and a decision has not been made, the agency does not consider it appropriate to provide a copy of its briefing package on the validity of the reconsideration request.

Woodside may wish to pursue this via Freedom of Information.

Hi s. 22(1)(a)(ii),

Woodside understand that the Department prepares 'validity briefs' that relate to reconsideration requests.

In light of the Department's 19 June 2026 invitation for Woodside's comments on the reconsideration request received from the Australian Conservation Council (ACF), Woodside kindly requests to be provided a copy of the validity brief relating to the validity of that request ideally by the end of this week if possible.

Kind regards,
