Schedule 2

Exemption Conditions

In accordance with subsection 34(2) of the *Product Emissions Standards Rules 2017*, the exemption for the ECPs specified in Schedule 1 is granted subject to the following conditions:

1. The import of the ECPs must be completed prior to the expiry date of 15 August 2025.
2. Upon arrival, the ECPs must be labelled as indicated in Condition 3 below and must be securely stored in the designated area in STIHL Australia Pty Ltd's secure warehouse facility in the manner specified in the application.
3. Upon arrival, the ECPs must be labelled in such a manner that they are clearly identifiable as ECPs imported under this exemption for the purposes of export. If an engine remains within packaging from the moment of arrival until the moment of export, labelling the packaging will be considered labelling the engine.
4. Consistent with the requirements of paragraph 34(1)(b) of the Rules, the engines must be accompanied within Australia by a copy of this exemption notice, which must be clearly displayed in the area(s) of the premises where the ECPs are stored, or by information regarding how the exemption can be accessed online.
5. The engines must not be displayed by any person for sale in a retail showroom or sales area accessible to the public and must not be available for purchase in Australia including through STIHL Australia Pty Ltd's distributor network or by any other means.
6. If requested by the Department, STIHL Australia Pty Ltd must be able to submit a report relating to compliance with the conditions of this exemption within the timeframes requested by the Department. This may include reporting on engines exported by serial number.
7. This exemption is for a total of one thousand (1,000) ECPs as described in Schedule 1.
