Schedule 2

Exemption Conditions

In accordance with subsection 34(2) of the *Product Emissions Standards Rules 2017*, the exemption for the engines specified in Schedule 1 is granted subject to the following conditions:

1. The import of the ECPs must be completed prior to the expiry date of **30 June 2026**.
2. The engines must be securely stored in a designated area in Marine Power International LLC's secure warehouse facility and labelled upon arrival in such a manner that they are clearly identifiable as ECPs imported under this exemption for the purposes of export.
3. Consistent with the requirements of paragraph 34(1)(b) of the Rules, the engines must be accompanied within Australia by a copy of this exemption notice, which must be clearly displayed in the area(s) of the premises where the ECPs are stored, or by information regarding how the exemption can be accessed online.
4. The engines must not be displayed by any person for sale in a retail showroom or sales area accessible to the public and must not be available for purchase in Australia through Marine Power International's dealer network or by any other means.
5. Marine Power International LLC must submit a comprehensive report demonstrating compliance with the conditions of this exemption prior to 30 June 2026.
6. This exemption is for a total of 3,000 ECPs, with the total to be made up of any combination of the ECPs as described in Schedule 1.
