**NOTICE OF VARIATION TO EXPORT PERMIT RECEIVED UNDER THE
HAZARDOUS WASTE (REGULATION OF EXPORTS AND IMPORTS) ACT 1989**

Pursuant to section 33 of the *Hazardous Waste (Regulation of Exports and Imports) Act 1989*, notice is given that a variation request was received for AUH24-019 Basel export permit which was granted on 24 February 2025 to TES-AMM Australia Pty Ltd (ACN 118 833 346), 1 Marple Ave, Villawood, NSW 2163 (Telephone: +61 2 8188 8088).

AUH24-019 Basel export permit relates to the export of 1600 tonnes of waste electrical and electronic components and assemblies (including circuit boards, components, lithium-ion batteries, electric vehicle batteries and wires), and black mass from lithium-ion batteries and electric vehicle batteries (Basel codes A1170 and A1181) otherwise known as e-waste.

The requested variation is for additional 1500 tonnes of lithium-ion batteries, specifically solar batteries, which will bring the total volume of the exported e-waste under the varied permit to 3100 tonnes. As no other changes have been requested, all other particulars of the original permit are identical.

Written comments on the permit application may be lodged with the department within 15 business days of publication of this notice. Comments should be addressed to the Director, Hazardous Waste and National Television and Computer Recycling Scheme (NTCRS) Section, Department of Climate Change, Energy, the Environment and Water, GPO Box 3090, CANBERRA ACT 2601, or forwarded by email to hazardous.waste@dcceew.gov.au. Respondents should be aware that comments will be shared with the applicant and should not contain commercial-in-confidence information.
