

**NOTICE OF DECISION TO GRANT A PERMIT UNDER THE
HAZARDOUS WASTE (REGULATION OF EXPORTS AND IMPORTS) ACT 1989**

Pursuant to section 33 of the *Hazardous Waste (Regulation of Exports and Imports) Act 1989*, notice is given that special export permit AUH25-033 has been granted to Ampol Refineries (Qld) Pty Ltd (ACN 008 425 581), South Street, Lytton, QLD 4178 (Telephone: +61 7 3362 7206).

The particulars of the permit are as follows:

- (i) The proposed recipient of the waste is Sabin Metal West Corporation, 15 12th Avenue East, Williston, 58801, North Dakota, the United States of America (Telephone: +1 701 572 6828).
- (ii) The type of waste is spent platforming catalyst (Basel code A2030).
- (iii) The maximum quantity of the waste that may be exported is 24,500 kilograms.
- (iv) The waste is to be contained during export in UN approved sealed steel (205 L) drums with bolted-on steel lids and sealed Cougar (bulka) bags. The individual drums and Cougar bags are to be labelled and then loaded on export fumigated pallets into approved 20-foot or 40-foot shipping containers.
- (v) The waste is to be transported by road to the port of export, shipped by sea, and then by road from the port of destination to the recovery facility.
- (vi) The waste may only be exported during the permit period.
- (vii) The waste is to be exported from the Port of Brisbane, Australia, to the Port of Seattle, the United States of America.
- (viii) The waste may only transit the following ports: Noumea, New Caledonia; Auckland and Tauranga (transshipment), New Zealand; Papeete, French Polynesia; Oakland, the United States of America; and Australian ports (as required). No other transit ports are permitted.
- (ix) The waste is to undergo a recovery operation at the Sabin Metal West Corporation facility, North Dakota, the United States of America.
- (x) The waste is to undergo recovery operation R8 – Recovery of components from catalysts.

The permit period is from the date below until the last departure date of 31 December 2026. All shipments must leave the port of export before or on the last departure date.

The permit includes and is subject to conditions.

Dr Sam Margerison
