Exemption Notice

Exemption No: ECP-18-0013E

I, David Jeffery, a Delegate of the Secretary of the Department of the Environment and Energy (the Department) grant this exemption from section 14 of the *Product Emissions Standards Act 2017* (the Act) to Marine Power International Pty Ltd (ABN 25 003 100 007) to allow the importation of Australian certified emissions controlled products that will be marked after arrival in Australia.

This exemption is granted under section 32 and in accordance with exemption category 30 (1) (b) of the *Product Emissions Standards Rules 2017* (the Rules) for the testing, evaluation, display, advertisement, offer for supply or pre-order of the emissions-controlled products specified in Schedule 1 to this Notice, subject to the conditions specified in Schedule 2 to this Notice.

This exemption comes into force on the date that it is published on the Department's website.

This exemption expires on 1 September 2020.

Schedule 2

Exemption Conditions

In accordance with subsection 34 of the Rules, the exemption for the ECPs specified in Schedule 1 is granted subject to the following conditions:

1. The ECPs will not otherwise be used or supplied in Australia before they are certified and marked in accordance with the Act.
2. The engines that are the subject of this exemption, which are imported from 1 July 2018, must not be available for purchase in Australia on Marine Power International Pty Ltd's online dealer system until they are certified and marked in accordance with the Act.
3. The engines must be stored in a designated area in Marine Power International Pty Ltd's secure warehouse facility and marked in such a manner that they are clearly identifiable as products imported under this exemption.
4. A copy of the exemption, or information about how the exemption can be viewed on the Department's website must be included with the product until the product is certified and marked in accordance with the Act.
5. If requested by the Department, Marine Power International Pty Ltd must be able to submit a report on the number of engines imported under this exemption.
