Schedule 2

Exemption Conditions

In accordance with subsection 34(2) of the *Product Emissions Standards Rules 2017*, the exemption for the sterndrive engines specified in Schedule 1 is granted subject to the following conditions:

1. The engines must only be supplied for the purposes of repowering vessels fitted with the engines specified in the table below.
2. The engines being replaced must be in vessels that are already in-service at the date of this exemption notice.
3. The exemption from the supply provisions of Part 3 of the Act is extended to Marine Power International Pty Ltd's specialist dealer network, provided the sales and purchasing documentation provided by Marine Power International Pty Ltd to its dealer network in relation to the exempted engines (and the equivalent documentation provided by the dealer to the end user) explicitly states the limitations in conditions 1 and 2.
4. Consistent with the requirements of paragraph 34(1)(b) of the Rules, the engines must be accompanied throughout the supply chain within Australia by a copy of this exemption notice or by information regarding how the exemption can be accessed online. Note the exemption notice is not required to be with the engine at the point of import but should be with the engines as soon as possible thereafter and prior to any subsequent supply.
5. The engines must not be displayed by any person for sale in a retail showroom or sales area accessible to the public, or sold directly to the public by Marine Power International Pty Ltd.
6. Exempted engines imported but not supplied by 30 June 2021 will not be able to be supplied under this exemption.
