Schedule 2

Exemption Conditions

In accordance with subsection 34(2) of the *Product Emissions Standards Rules 2017*, this exemption for the ECPs specified in Schedule 1 is granted subject to the following conditions:

1. The import of the ECPs specified in this exemption must be completed prior to the exemption expiry date of 30 June 2024.
2. The engines must be securely stored in a designated area in Marine Power International's secure warehouse facility and labelled upon arrival in such a manner that they are clearly identifiable as ECPs imported under this exemption for the purposes of export.
3. Consistent with the requirements of paragraph 34(1)(b) of the Rules, the engines must be accompanied within Australia by a copy of this exemption notice, which must be clearly displayed in the area(s) of the premises where the ECPs are stored, or by information regarding how the exemption can be accessed online.
4. The engines must not be displayed by any person for sale in a retail showroom or sales area accessible to the public, and must not be available for purchase in Australia through Marine Power International's dealer network or by any other means.
5. If requested by the Department, Marine Power International must be able to submit a report relating to compliance with the conditions of this exemption. This may include reporting on engines exported by serial number.
6. If requested by the Department, Marine Power International must provide an annual written report to the Department by or on 31 July in 2022, 2023 and 2024 documenting the date of export and number of each of the 45 engine models in Schedule 1 that have been exported under this exemption in the 12 months to June of that year.
7. This exemption is for a total of 3,500 ECPs, with the total to be made up of any combination of the ECPs as described in Schedule 1.
